Varenummer: 10DS000TMX

Produkt Tags: [PCStasjonær](#)

Produkt Sammendrag

Core i5-4460s, 4GB RAM, 500GB HDD, DVD±RW, Win7 Pro/Win10 Pro

Produkt Beskrivelse

ThinkCentre E73

4th Generation Intel® Core™ Processors

With 10% more processing power, 4th generation Intel® Core™ processors deliver the performance to increase business productivity for your business. They can also guard against identity theft and ensure safe access to your network with built-in security features.

Optimized Data and Hardware Security

Keep your business-critical information safe through USB port disablement and the password-protected BIOS and HDD. You can also safeguard your hardware by physically securing your mouse and keyboard, while the Kensington slot enables you to lock down your E73.

Eco-friendly and Energy Efficient

Lenovo Desktop Power Manager lets you balance power management and performance to save energy and lower costs. The E73 is also ENERGY STAR compliant, EPEAT® Gold and Cisco EnergyWise™ certified—so you can feel good

about the planet and your bottom line.

Faster Data Transfer

With SuperSpeed USB 3.0, transfer data up to 10 times faster than previous USB technologies. You can also connect to audio- and video-related devices with WiFi and Bluetooth® technology.

Advanced Technical Support

You demand a lot from your system and Lenovo Services is here to help you stay productive. Bypass basic troubleshooting support with direct access to advanced level technicians to resolve issues quickly.
